Business plans were assessed on how realistic they are and how they could address a problem or create economic growth in Nova Scotia. Each application included a description of the product, service or idea; a market and needs analysis; a marketing plan; an inventory of competing businesses; a budget; and information on how the \$1,000 grant would be used.

Divjot Kalsi speaks with Paul Landry during a break from the selection event held at St. Mary's University.

Emma Borden proudly displays her Shad Canada 2023 hoodie.

Congratulations to **Emma Borden**, Grade 10 student at Dr. John Hugh Gillis Regional High School, who has been selected as a **2023 Shad Canada participant**.

SRCE Staff Honoured at Celebrating Service Retirement Banquet 2023

During the Celebrating Service Retirement Banquet held on Friday, May 26, 2023, the Strait Regional Centre for Education extended congratulations and sincere thanks to the retirees of 2023 for their many years of dedicated service and significant contributions to students, families and school communities in the Strait Region.

On behalf of the Strait Regional Centre for Education, I sincerely thank our retirees of 2023 for the many contributions they have made to public education throughout their distinguished careers. I extend my deepest gratitude to them as they conclude one chapter of their life and begin the next exciting phase.

People who choose careers in the field of public education are more than just employees. Regardless of the position they hold, all retirees have had a tremendous impact on the lives of our students and families. Their commitment and leadership have played an important role in our students' well-being, achievement and success. Their devotion to our students, colleagues, school communities, and to the public education system in the Strait Region as a whole has made a meaningful difference in our students' lives, now and well into their future.

Although there have been many changes in public education over the years, one very important factor has remained constant. Students still rely on, and need the guidance, wisdom and support of our staff. There is no substitute for a competent, caring adult when it comes to helping our children and youth achieve their success. The students whose lives the retirees have touched are making tremendous contributions to our communities, our province, our country and indeed the world, and our retirees are in no small part responsible for their success. Thank you for being mentors and caregivers to our future leaders.

I extend to each retiree my sincere congratulations and may good health and happiness be yours in retirement. You will indeed be missed.

Sincere best wishes to the SRCE retirees of 2023!
